<https://www.nectravels.com/package/34-days-trekking-in-tibet/>

Tibet has high snowy landscapes which are very adventurous for long and short trekking. Tibet is long closed to the outside world as a land of mystery, adventure, spirituality, a home of legends, awesome landscapes, artistic monasteries and centuries old caravan trails.

Tibet trekking provides the unique combination of all these things. Tibet has several trekking destinations among which we had selected popular adventurous trekking destinations for Tibet Trekking Package.
