

Langtang Helicopter Tour

<https://www.nectravels.com/package/langtang-helicopter-tour/>

Langtang Helicopter tour promises the excitement of the viewers with the beautiful scenes of Himalayan range and the greenery. It is one of the short yet thrilling tours that could be provided in Nepal.

The beautiful scenarios would brighten the eyes of the travellers. This tour also gives interaction with the local villages, local cheese factory, local people & Kyanjin Gumpa. This tour covers the sight of the above-mentioned range of the Himalayas whose height ranges from 5500 m to 7300m and also the Gosaikunda Lake. This short thrilling tour provides the satisfaction of excitement with the beauty of this area. The tour gives an exciting flight over beautiful Gosaikunda Lake and other mountains.

Langtang is the place named after the Langtang Himalayan range. The place lies in the north of Kathmandu valley. The place is mainly famous for its national park and beautiful breathtaking range of Himalayas. The trees like oak, maple and pines are present in this area which means that the place carries the deciduous as well as evergreen beauty of nature. Also the rhododendron flowers are present to add further beauty for this place in this area to make your tour more exciting.

This tour starts with a flight from Kathmandu airport. The helicopter would then thoroughly move towards the Kyajin monasteries flying all over the beautiful Langtang region including Langtang national park, Langtang Himalayan range and also the Gosaikunda Lake. The flight would surely be an amazing adventure experience to the adventure loving people. After the exciting flight, the tour continues with the visit of Kyajin monasteries. The Kyajin monasteries have its own cultural and religious importance. After breakfast, the tour would end with a flight towards Kathmandu.
