<https://www.nectravels.com/package/singla-pass-trekking/>

Singla pass trek commences at Trishuli Bazar two hours by road north of Kathmandu. This is not a difficult trek. It is likely to appeal to less ardent trekkers and families with younger children. The journey takes you through some ancient settlements and a variety of ethnic groups and cultures which provides the opportunity to experience Nepali farming life at close eye. There are also some great views of the Nepal Himalayas. Ganesh Himal in particular stands out prominently.
